

ROYAL BAKING POWDER

Absolutely Pure
Made from
Grape Cream of Tartar
NO ALUM

Much interest is being manifested in the Cherry Blossom Fete which will be given by the Episcopal churches of the city at the Royal Hawaiian Hotel early in May, the purpose of which is to raise \$5000 for the erection of a home for Japanese girls in this city. The plan received the endorsement of the advertising and subscription committee of the chamber of commerce yesterday.

QUEEN MADE ALL SUGGESTIONS FOR HER TRUST DEED

So Testified A. S. Humphreys,
Who Drew Document, at
Hearing Today

Proposals made in 1909 by Queen Liliuokalani that she have a will drawn, and the bringing about of the establishment of the trust which Delegate Kuhio now is trying to break by litigation in circuit court, were reviewed at length in Circuit Judge Whitney's court today during the taking of the testimony of Attorney A. S. Humphreys, who was called on by the queen seven years ago to make the will.

A petition for the perpetuation of Judge Humphreys' testimony was filed by Antonio Perry, counsel for the queen. Judge Humphreys told of his being called in to draw up the will which, he said, was done prior to the queen's leaving for the mainland.

After Curtis P. Iaukea had told him that the queen wanted a will drawn, Judge Humphreys said he refused to go into the matter until he had personally seen the queen. Two consultations with the queen followed, he testified, Iaukea and John A. Dominis being present at both, and W. O. Smith, one of the trustees, at the second. It was at the second consultation that the matter of a trust deed was brought up, all suggestions regarding the trust deed coming from the queen herself, the witness added. Judge Humphreys stated that he received no suggestions from anyone except the queen as to the provisions which the deed should contain.

When the question arose as to the number of trustees, Judge Humphreys testified he suggested that three should be appointed, the queen at that time selecting A. S. Cleghorn, Col. Iaukea and Dominis. He added that he voiced his disapproval of Dominis at that time, for the reason that the latter was very young and had had no experience.

PUNAHOU PLAY WILL BE GIVEN NIGHT OF MAY 5

The Punahou Dramatic Club will present its annual play on the evening of May 5.

A modern comedy, well known on the professional stage, "Green Stockings," will be given under the direction of the talented dramatic instructor, Miss Maud Hastings. Miss Hastings is fortunate in having an unusually promising cast, and the production should be as well acted as youthful amateurs can be trained to act. The play is full of amusing situations and witty conversation. Margaret Anglin, as Celina, won great success in the production not long ago.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

BABY WEEK PLEA MEETS APPROVAL OF THE CHAMBER

Modest Request for Funds is
Indorsed; National Guard
Plan Gets O. K.

Only the modest sum of \$400 for all the babies in Honolulu to be used in the advancement of the Baby Week program, was asked for by Mrs. James A. Rath, chairman of the publicity committee, in her request for indorsement of her subscription list plan presented to the advertising and subscription committee of the chamber of commerce. The plan was indorsed by the committee yesterday at its regular meeting.

The committee then turned to the plan of Adjutant General Sam Johnson to raise \$175,000 for the benefit of the National Guard. The size of the guard has increased out of all proportion to its territorial and federal funds, both of which were appropriated on the basis of the strength of the guard a year ago, when it consisted of fewer than 700 men. Today General Johnson reports the guard as having 5000 men on its rolls. The only solution of its financial problems is a large popular subscription. The committee indorsed the project, and one large business firm has already contributed \$2000, with a number of others pledged to add their names to the list as soon as presented.

Letter Outlines Needs.

The subscription letter, indorsed by the committee, is as follows:

"In conformity with the expressed desire of the war department the National Guard of Hawaii has been recruited to a strength of more than 5000 men. As appropriations for the fiscal year by the federal government and up to June 30, 1917, by the territorial government, being based on a strength of about only 700 men, has been exhausted, the guard is in urgent need of funds.

"Several extensive projects which will lead to increased efficiency in the guard and which are necessary for the proper training of the men, are held up for lack of funds, and much valuable time is lost.

Money Urgently Needed.

"It is estimated that \$13,500 is urgently needed to maintain the National Guard, and to reach the high standard of efficiency that is aimed at. The items for which this sum is desired, with the probable amounts required, are as follows:

"Laying water system to the Punchbowl military reservation, with the necessary water storage facilities, \$1500.

"Erecting rifle ranges in Punchbowl and providing for a suitable camp ground, \$2500.

"Pit houses, stables, administration building and sheds, Punchbowl, \$2500.

"Equipping and furnishing Honolulu armory and supplying proper facilities for the enlisted men, \$5000.

"Transportation for sergeant-instructors on duty with troops on Hawaii, Maui and Kauai, \$2000.

Disbursing Board Planned.
"Subscriptions will be received and money disbursed under the jurisdiction of a National Guard disbursing board, which is to be appointed by Governor Pinkham, on recommendation of General Johnson.

"In view of the above facts and in the belief that the National Guard is of great value to the nation as well as to the territory, we, the undersigned, subscribe the amounts set opposite our respective names."

LOCAL JAPANESE DEMAND VETO OF BURNETT'S BILL

Holding that the amicable relations between Japan and the United States will be endangered by Congressman Burnett's immigration bill, which has passed the house and is now in the senate, the Japanese Association of Honolulu at a meeting last night, passed resolutions requesting President Wilson to veto the bill in case the senate approves it.

The resolutions, which will be forwarded to Washington, D. C., in the next mail, reads as follows:

"Whereas, the Japanese Association of Honolulu fears that the immigration bill, which has already passed the house of representatives of the United States, will endanger the close amicable relations between the United States and Japan; and

"Whereas, the Japanese in Hawaii, in the enjoyment of such amicable relations, are striving earnestly for still closer friendship between the two nations and laboring for the perpetual cementing of such a desirable and laudable accomplishment; be it

"Resolved, that we request, humbly and as men and friends, that Woodrow Wilson, President of the United States of America, refrain from approving and affixing his signature to the immigration bill as it is in its present shape."

MORE SLIDES GO TO COAST FOR LECTURES

One more set of slides will be sent to the mainland this week when the Hawaii Promotion Committee forwards a choice selection to Mrs. W. W. Merryman, who is now lecturing in Texas. Mrs. Merryman is the wife of the director of the U. S. magnetic observatory at Ewa, and is conversant with all of the beauty spots of Hawaii.
